

P3 JumpStart Program

Learn at Your Speed

Your coaching skydives are focused on your personal improvement at your own pace. As long as you exercise the same great judgment you already perfected through AFF, you will “pass”. Your goal now is to just have fun and learn. Your coaching sessions in the JumpStart program will leave you feeling comfortable and confident about your jumping.

Your Personal Guide for an Entire Day

Your coach will be with you from the beginning of your day until the very end. Jump as much or as little as you want. Let your expert coach design each jump to take off exactly where you left off, not where the curriculum dictates.

Expert Instruction

The Perris Performance Plus instructors chosen for this program are all experienced coaches and AFF instructors who are also expert formation skydivers. They are just as excited to share with you their knowledge as you are to be skydiving.

Invest in your Future Skills Now

Spending a day or two with a coach is an amazing way to get a boost on your freefall skills. Once you get your license you will be far ahead of the pack and able to start joining others sooner than you would otherwise.

Your Coaching Jumps Options

Of course you can still work through the PVAS school and achieve your license with ease. But if you are looking for a more complete experience, consider arranging the JumpStart program.

	JumpStart	PVAS
Achieve all of your license requirements	X	X
Expert, quality instruction	X	X
Achieve all freefall requirements in a single day	X	?*
Have the same coach on each jump	X	
Longer, personalized briefing before each jump	X	
Full and encouraging debriefs	X	
Progress jump to jump at your own pace	X	
Free tunnel coaching available that day with same instructor	X	

?* This may or may not be possible, as students are dependent on instructor availability

Pricing

For an individual, the cost is simply your instructor’s full day fee (\$250) plus the slots for the jumps you wish to do. This means the more jumps you do, the more cost effective the program.

If you choose to participate in the program at the same time as a friend, the cost is reduced by \$100 per person. The attention the coach can give is slightly diminished, but you will have the advantage of a shared learning experience.

Jumps	Individual Total	With a Friend
4	\$426	\$326
5	\$470	\$370
6	\$514	\$414

* Note that you can also arrange tunnel time with your coach for no additional coaching fees.
